10 YEARS EHF

The handball year 2001 will in particular be remembered for the celebration of the 10 years anniversary for the EHF. Such an event gives a nice opportunity to sum up and remember the achievements during a decade and a wonderful possibility for a good take-off and planning of the future.

S. Holmqvist, EHF President

Nice memories. Starting empty-handed with a vision to build up a strong service-centre for better to developing European handball, the European Handball nations met in Berlin at the Foundation Congress November 17th, 1991. Exactly 10 years later more than 600 guests celebrated a happy decade, congratulated a very strong EHF and honoured successful players, trainers, functionairs, clubs and nations at our head- quarters in Vienna.

Vision Forum

The most important reason for the European Handball Family to get together at this event was to join the "European Handball Vision Forum" in order to define the future for the next handballing generation. Valuable and important contributions for the future work were given by many distinguished keynote speakers and lecturers as well by from many qualified and well-informed guests. The Presidents Conference could meet in this inspiring atmosphere and take important decision-making steps.

A final remark to the anniversary: On behalf of the Member Federations, all guests and the various EHF-bodies we should like to express a sincere thanks to all the EHF Staff members for their fantastic way of organising the Vision Forum.

World and European Championships

All four 2001 World Championships were awarded to European nations and we can be proud that FRA, ITA, SUI, and HUN all did a very good job in organizing these events. Also LUX and TUR deserves flower for the organisation of the European Youth Championships for men and women. The European teams teams played very well and a special congratulation to RUS that won 5 of the 6 mentioned Championships. The first Beach Handball WCh ever played was organised in Akita, Japan in connection

with the World games and Europe was the only continent that had carried out qualifications. The european teams were also very successful in the championship.

With an international calendar including 2 Olympic Tournaments (women, men), 6 World Championships for seniors, juniors and beach (women and men), 8 European Championships for seniors, juniors, youth and beach (women and men) and in addition qualification for each championship our member federations will have a fully-booked calendar and in particular a heavy economic burden in 2002. The EHF decided strongly to support part of the staying costs for Junior European Championships for youths and juniors and successfully proposed to the IHF to do the same for World Championship juniors. It is important that the federations can afford to take part in these Championships.

Club-tournaments

Coming to the important competitions for Club teams the EHF-Champion League Men during 2001-02 for the first time will be played under a common marketing and professional requirement to the organizer of the matches in particular for TV-transmissions. That has been possible thanks to a close cooperation during some years with the clubs and member federations. Still there is a lot of work to be done before everything is perfect. The EHF will also work hard to create such a tournament for women as soon as possible and for the future to get similar conditions in all the European Cup Tournaments. However everybody must be aware that this is a very difficult task.

Attractiveness

It is important to create attractive competitions for national teams and club teams. The attractiveness shall in particular be for the spectators and medias –in

10 YEARS EHF

short to improve our "product" to be the best sport for TV. It is not just a match - it is an event! The framework must be better and we must make great demands upon players, trainers, functionaries and others to act in a modern way and within fair sport.

Young Referee Project

The EHF is very satisfied that the Young Referee Project has been successfully received by the federations. Within this project we will establish a new generation referees, well educated and with international experience at a young age. Referees from the project have already whistled qualification for Youth European Championship and all the matches in Challenge Trophy this year. They are ready for greater challenges!

Team Sport Federations

The cooperation with the other Team Sport Federations in Europe UEFA (football), FIBA (basketball), IIHF (ice-hockey) and CEV (volleyball) in important items such as transfer, break-away league, TV- rights and sport politics has been very successful.. Beside the internal discussion and consultations we have got acknowledgement from the EU-Presidency and the EU-

Commissioner in a direct discussion and dialog. The special conditions for the team sports have been better observed and taken care of by the authorities though we should have liked it a little bit better. This cooperation with sports is of great importance for the EHF.

THANKS

I would like to take this opportunity to thank everybody who has contributed to the year 2001, especially our member federations and those featured in this annual report. The success to this year is down to your outstanding cooperation and contribution –without you this success would not have been possible. A special thanks goes to all EHF partners from the world of business and media, that have given their valuable support to the successful events.

I would like to deliver the most sincere thanks to the EHF Staff members. The fantastic work that is provided by Secretary General Michael Wiederer and his team at the EHF office in Vienna is done with the highest competence, greatest service and the warmest heart and understanding for the requirements of the different handball cultures.

INFORMATION AND COMMUNICATION CHANNELS

Overview

The European Handball Federation is European handball's umbrella organisation, representing European handball in all corners of Europe. There are 46 member federations and each federation differs in shape, size and form, yet it is a core goal of the EHF to optimise the transfer of information to all 46.

The EHF makes use of the following channels of communication to transmit European handball news, results, and information:

E-News

2001 has seen the introduction of the EHF e-news service. This service is still in the development phase but we are working on using this medium to our advantage to reach as many members of the handball family as possible, including EHF Member Federations, Continental Federations, EHF bodies, EHF Partners, handball experts and of course the press.

The e-news has widely taken over from the "traditional" fax news and contains results from the EHF competitions, draw results, and news snippets on a wide spectrum of subjects.

If you are interested in becoming a member of the EHF News Service, please contact Siân Rowland in the EHF Office at rowland@eurohandball.com.

EHF website

The EHF website has been up and running now since June 1997 and the eurohandball.com address has become a well-known trademark in handball circles. Since its re-launch in 1999 the EHF web service has offered the latest European handball news, results, event information, match statistics, useful contacts, photo gallery, handball information, videos, publications to download, EHFan details and useful link. It is the EHF's goal to offer all up-to-date results and news online as soon as possible.

New features that have been introduced in 2001 include a notice board for federations and a search function, where you can search for information held in the EHF database, including national teams, clubs, referees and delegates.

Regular EHF publications

The regular EHF publications have become the cornerstone of the EHF communication plan.

These include:

Annual Report, Periodical, Wall Calendar, Booklets, Calendar of events, Delegates' guide, EC Addresss WOMEN, EC Addresses MEN, EHF Address Guide, EHF Statutes, ECh, EC & CL Regulations and Transfer Regulations.

SPECIAL Edition Publications

These are complemented by event specific publications, for example in 2001 the EHF produced: Course Documentations and CD Roms, European Championship Guides, European Championship Analyses on CD Rom, promotion videos and of course the special edition review of <10 Years EHF> and European Handball Vision Forum publications.

INFORMATION AND COMMUNICATION CHANNELS

Internet

The present version of the EHF homepage was launched in 1999 and it has since proved itself as being one of the best visited sites in the handball world.

There have been some small changes to the website and some added features but it has basically remained the same. We are always striving towards the goal of keeping the handball world informed about the latest happenings.

New Look

2002 will see a new look EHF homepage, which we hope will improve the EHF rnet service even more.

EURO 2002 Official Website

A special feature at eurohandball.com will be the new EURO 2002 Official Website. The EHF has joined forces with its Telesport/marketing partner, CWL-Kirchsport AG, and the sports internet platform, Sport 1, to bring the 2002 European Championships to you.

The site will offer up-to-date news, results, statistics, team info, venue info, web specials, star chats and much more. The site will be launched on 14 January 2002, with all the latest news in the run-up to the 5th Men's European Championship in Sweden.

Results

Some comments have to be given on the tests:

The written tests for the referees consisted of 20 + 20 questions. The shuttle run consists of two different sets. Set 1 has a distance of 46m, the limit is 15.3 seconds. Set 2 has an overall distance of 120m, the limit is 40.0 seconds. The procedure is as follows: Set 1, a break of 6 minutes, Test 2, another break of 10 minutes and finally another run on set 1. By that various factors of physical condition are checked (speed, co-ordination, stamina and recreation ability).

All participating couples passed the tests successfully.

The written tests for the delegates consisted of 20 rule and 24 regulation questions. From 18 participants 17 finished successfully.

2001 DEVELOPMENT PROGRAMME

Since 1994 the development support measures for EHF Member Federations have been focused on ball and equipment supply, EHF lecturer nominations for coaching and referee courses and special project or logistic support. Such projects have always been based on requests from the EHF Member Federations, national development plans or initiatives offered by the European Handball Federation. The motto has always been "to help those federations that are in need and want to be helped".

As of 2001, EHF development support projects have a new name – "SMART" (Specific and clear, Milestones are well defined, accepted by all parties involved, Realistic and Timelimited (short and long term projects).

Other main areas of EHF development support include the Challenge Trophy, Youth and Junior European Championships, European Beach Handball Promotion, EHF Youth Champions' Tournament for Club Teams, EHF "Women in Handball" Project and EHF Co-operation visits.

Since the 2000 EHF Congress in Tel Aviv / ISR Allan Henning Lund / EHF-MC, Karl Güntzel / EHF Treasurer and Frantisek Taborsky / EHF – MC Chairman in cooperation with Doru Simion / EHF Office are responsible for the proper carrying out of all development measures between the EHF and the Member Federations.

RINCK CONVENTION

Convention on the mutual recognition of coaches' education

The objective of the "Rinck" convention is the coordination and mutual recognition of standard guidelines and certificates in the field of coaches' education in handball in Europe by preserving and safeguarding the regional and national characteristics of the coaches' education in order to facilitate the direct admission to work, as a handball coach, in each signatory Member Federation.

On the occasion of the 2000 EHF Congress in Israel the convention was signed by six European Member Federations: **CZE, DEN, FRA, GER, HUN, RUS.**

Based on the EHF approval another four European Member Federations - **BUL, POL, NOR, SWE** - joined the first group of signatories at the 2001 EHF Conference of Presidents in Vienna / AUT. On this occasion representatives from other EHF Member Federations were provided with more information on how to adapt their national coaches' education programme to the guidelines of the "RINCK" Convention.

EHF Master Coaches

In 2001 the following "Rinck" Convention members nominated their "Master Coaches", who were then provided with the "EHF Master Coach Certificate" by EHF certifying their competence for the highest coaching level within European handball.

- CZE: Michal Barda, Vladimir Haber, Jiri Kekrt, Vojtech Mares, Frantisek Taborsky, Martin Tuma
- FRA: Daniel Costantini, Carole Martin, Sylvain Nouet, Pierre Alba, Paul Landuré, Olivier Krumbholz, Philippe Gardent, Christophe Maréchal, Patrice Canayer
- GER: Dr. Rolf Brack, Heiner Brand, Ekke Hoffmann, D. Günther Klein, Klaus Langhoff, Dago Leukefeld, Kurt Reusch, Renate Schubert
- HUN: Janos Haidu, Laszlo Kovacs, Peter Kovacs, Lajos Mocsai, Andras Nemeth, Laszlo Skaliczki, Gyula Zsiga
- RUS: Levon Akopian, Alexei Dzordanov, Vladimir Gladchenko, Leonid Korostoshevich, Vladimir Maximov, Yuri Zaitsev

C. Rinck, founding father of the Rinck Convention

Signing of the Rinck Convention by S. Holmqvist, BUL, POL, NOR, SWE

Planned Activities for the future

- Annual reports by the signatories on their activities and results relating to the convention shall be submitted to EHF
- Further contacts with BEL, ESP, NED, POR, SLO that have already shown their interest for becoming convention members
- National implementation strategies shall be submitted to EHF for being approved
- Initiatives to develop a communication and information strategy for those countries which have not shown their interest yet
- Call for organizers and preparation of the 2nd "Rinck" Convention Meeting in 2002 (also including the 2nd EHF Master Coach Model Course)

EHF HIGH SCORE BALL

...a new way of handball

The game was first presented by Allan Lund, member of EHF MC at the European Championships for Men's Youth in Luxembourg in August 2001 and by Helga Magnúsdóttir, member of EHF CC at the European Championships for Women's Youth in Turkey in September 2001. After a renewed test of the equipment it was demonstrated at the 10th EHF Anniversary in November 2001 in the half time breaks of the 2001 Nations' Cup.

This unique game is about handball technique and played by teams consisting of 3 players. It is played at one goal on half a handball court with 5 shooting spots and 1 bouncing spot. The team has one minute to score as many points as possible by shooting the ball through the 4 holes in the shooting wall.

General regulations

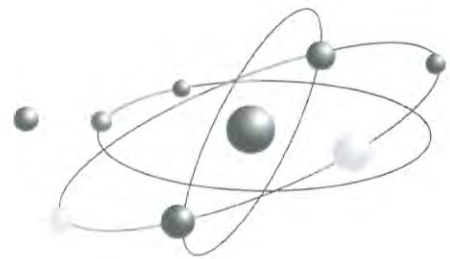

- If balls are disappearing the players may take an extra ball from the ball ring.
- The game starts on the "go" signal from the music and ends after 1 minute on the signal "stop" from the music.
- The players must alternate and shoot first from shooting spot no.1, then no.2 e.t.c. When shooting from spot no. 2 and 4 and players must bounce the ball from the bouncing spot.
- The players are allowed to stand on the shooting spots or jump from the shooting spot when shooting.
- At the last shot the ball must have left the players hand before the end signal in order to obtain a point.
- 2 bonus points will be awarded to the team if all shots are done without technical mistakes (steps, not touching the spots etc.) and following the general regulation of the game.

The objective of the game is to introduce handball as an entertainment activity for players, spectators and notabilities at halftimes at top level matches. Later this game should be used as an inter-school competition through out Europe combined with internet exercises.

EUROPEAN HANDBALL VISION FORUM

16 -17.11.2001 in Vösendorf / Vienna / AUSTRIA

The 10th Anniversary of the European Handball Federation (EHF) is already history. The results from the European Handball Vision Forum, the excellent presentations of topics in all areas of handball, intensive discussions and numerous inputs from outside the handball family should now bridge the gap between the history of the first decade and the challenge of the near future.

HANDBALL

the spirit of

"To define the future for the next handballing generation"

...was one of our objectives in this event. The weekend included an EHF Women's Nations' Cup (details see page xx) as well as forums focusing on all aspects of European handball in the future.

The basic concept of the European Handball Vision Forum was a market place situation which enabled the participants to choose their route through the individual forums. More than 400 experts from all areas of handball came together to share their opinions, define new goals and to finally celebrate the 10 Years Anniversary of the European Handball Family together in the form of an extraordinary Handball Gala.

Furthermore the EHF introduced for the first time a discussion board on the official EHF website www.eurohandball.com. It was closely connected to the event and was aimed at the handball interested community all over Europe "how to make handball the teamsport no 1"!

An obvious consequence of the open house concept of the Vision Forum was a considerable interest of every participant to get information on all the other forums, which he/she was not able to take part in. Therefore an official event documentation has been produced and sent out to all the participants in December 2001.

This documentation is a collection of the original contributions from our keynote speakers and lecturers, which have been compiled with their assistance and should convey both the contents of their presentations and the outcome of the participants' discussions. Furthermore a summary of the most interesting inputs by our users has been forwarded to the moderators of the forums and is also part of this documentation. We would also like to take this opportunity to apologize for any mistakes in the official documentation of the event. I hope you understand that our main priority was to deliver you this information as quickly as possible after the event.

EUROPEAN HANDBALL VISION FORUM

HANDBALL GALA

After 2 intensive days about 600 handball friends came together to celebrate the 10 Years Anniversary of the European Handball Federation at the Handball Gala Evening in the Pyramid of the Event and Congress Center "City Club", the venue of the European Handball Vision Forum.

The motto of the evening "Celebrating the Spirit of Handball" was interpreted by the Dance and Performance Group "Mystic Movement" in a multi media dance and performance show. The EHF took the opportunity to honour experts of all fields of handball for their contributions to the development of handball.

YOUNG REFEREES' COURSES

...in Partille/SWE and Riga/LAT

YOUNG REFEREES PROJECT

The Young Referees' Project was established in March 2000 and has since developed into being a core part of the EHF Refereeing Educational Concept. This project is specially designed to target young and up and coming referees who are about to launch their international refereeing career. The refereeing pairs are nominated by the national federations and the project assists the referees in their path to becoming the top international referees of the future, boosting their theoretical knowledge and providing them with the opportunity to test their skills on the playing court under international match conditions.

PARTILLE/SWE on July 1 - 4, 2001

As part of the Youth Champions' Tournament for Club Teams, the EHF also ran a refereeing educational initiative, as part of the Young Referees' Project. 12 young referee couples took part in the course, which involved theoretical education and the refereeing of matches for the Youth Champions' Tournament and Scandinavian Open Tournament.

The course was led by EHF experts, Ton Van Linder, NED and Allan Lund DEN. They were also supported by experts from the local area, including Hans Hansson, Alice Jacobsen, Helge Svenson, Leif Holmqvist, Jörgen Holmqvist.

YOUNG REFEREES' COURSES

...in Partille/SWE and Riga/LAT

Main Topics

The main topics on the agenda at the course were:

- Refereeing in modern handball
- Looking at handball as a product and the consequences for the referee
- Competences of referees
- Levels of competency
- Communication skills
- "Selling decisions"
- "Deep water situations, hotspots and safety spots"
- New tendencies in refereeing and referee education
- Background trends
- An improved vision in refereeing
- Daily theoretical remarks in relation to the practice.

The referees also worked as time keepers and observed their fellow colleagues during the matches.

RIGA/LAT on December 26 - 30, 2001

In December 2001, the EHF organised a Young Referees' Course as part of the Young Referees' Project, in coordination with the Latvian Handball Federation. The course took place during the 2001 Men's Challenge Trophy and was led by the EHF Methods Commission Member, Allan Lund/DEN. Once again, young referees had the opportunity to combine theory and practice, gaining valuable international refereeing experience.

All referees involved already had the EHF status of "Referee of the Future" by successfully completing the Young Referees' Course in Partille in either 2000 or 2001. This was another step in the direction of an international refereeing career for all of the participants.

REFEREES' OBSERVATION

...of candidates for the EHF referee status 2001

From this year on, the EHF decided to change the way of how to become an international referee. Thus there are observations of the candidates in their own country instead of the previous EHF Referees' Course.

Furthermore the EHF has some requirements on the physical conditions: These include among other things the Cooper Test (2400m in 12 min.), which has to be carried out on the national level, and an actual sport medical test.

REFEREES

The first observations, that the EHF carried out during the year 2001 include the following:

Csaba Lajko / Bernhard Seidler AUT

YOUTH EUROPEAN CHAMPIONS TOURNAMENT FOR CLUBTEAMS - „PARTILLE CUP“

01-04.2001, Partille / SWEDEN

The EHF Youth Champions' Tournament for club teams was held for the 7th time in Partille, Sweden. Similar to the last years the EHF tournament was organized as a part of Partille Cup (youth tournament for all age groups and club and national teams from all over the world).

Since 1999 the EHF tournament is held for girls in even and for boys in uneven years. This year was the boys' tournament (boys born 1984 and younger). Due to the large amount of interest in this year's event, the EHF Executive Committee decided to increase the number of participating teams to 20, compared to the usual 16:

CONCLUSION

Dear Handball Friends,

dear Federation Representatives, Club Members, Delegates, Referees, Event Organisers, Media Representatives, Business Partners, Fellow Colleagues from Sport Organisation and, and, and...

In 2002 everything should be even better than in 2001 or at least match it!

This is always the wish of those working in the interest of the sport of handball. If you share our opinion, get in touch either:

on the web:	www.eurohandball.com
by e-mail:	office@eurohandball.com
by fax:	+43 1 801 5149
or call us:	+43 1 801 5120

...so that 2002 - a year with European Championships, congresses, club competitions and much more - becomes the "Year of Handball".

Looking forward to hearing from you and sporting wishes !

Michael Wiederer
Secretary General
