Preface

Dear Handball Friends,

The year 2000 was, like all even years in European handball, the year of the European Championships and the EHF/IHF Congresses. Yet year 2000 had a little extra sparkle than usual by way of the 2000 Olympic Games.

We are very proud that the 2000 Top Events were perfectly organised by the EHF Member Federations: CRO, GRE, FRA, ITA, ISR, POR and ROM.

European handball is, however, not just Top Events. The Women's Challenge Trophy, for example, was an important event which was excellently organised by the Belgium Handball Federation. The EHF, in partnership with other sports, has decided to establish a "European Masters Organisation" for the future happiness of our "golden oldies".

At the EHF Ordinary Congress in Tel Aviv/ISR, important steps were taken to improve the EHF Product, Champions League. A new partnership has been signed with the company, Sponsor Service, to optimise the marketing of this product. Club competitions form the backbone of the EHF competition system and as of 2001 this partnership will come into effect.

"EHF and Member Federations – a partnership of strength" is the guideline for the structure of the EHF. The newly elected and enlarged EHF Executive and Commissions, new possibilities through the Conference of Presidents and working groups, the Expert Forums in a total of nine fields were established to make the planning and working structure of European handball even stronger. Special importance lies with us to integrate the players in the decision-making process. During the European Championships in CRO and ROM, meetings were held with an elite group athletes, which will hopefully lead to active working groups.

In the field of methods, the "Rinck Convention" was signed, named after our honorary member Claude Rinck and aimed at the unification of coaches' education. The "Young Referees Project" came into force this year to promote and encourage young referees to seek an international career.

The EHF has got together with other European team sport organisations, UEFA (football), FIBA (basketball), IIHF (ice hockey) and CEV

(volleyball), to discuss important sport political issues (transfers, private leagues etc.) and to exchange valuable ideas and information. The EHF has also been represented at the EU Sport Conferences.

Alongside specialist decisions made at the 2000 IHF Congress, the Congress also voted to bring the 2003 Men's and Women's World Championship to Europe (Portugal and Netherlands). The Junior World Championships will be held outside Europe, in Brazil and Algeria.

A special mention has to go to IHF President Lanc, who, after 16 years of service, did not stand for re-election, which therefore means that the IHF is under new leadership. I would like to take this opportunity to stress our thanks for his service to the sport, his years of partnership with the EHF and his support in taking the home of the EHF to Vienna.

Furthermore, I would like to take this opportunity to thank everybody who has contributed to the year 2000, especially those featured in this annual report. The success of this year is down to your outstanding co-operation and contribution - without you this success would not have been possible. A special thanks goes to all the EHF partners from the world of business and media, who have given their valuable support to the successful events.

I would like to deliver the most sincere thanks to the EHF staff members. The fantastic work that is provided by Secretary General Michael Wiederer and his employees at the EHF Office in Vienna is done with the highest competency, greatest service and the warmest heart and understanding for the requirements of the different handball cultures.

We are now looking forward to 2001 with a special feeling of pride, the 10 year anniversary of the European Handball Federation on 17th November will mean a decade of European handball unity and the European Handball Federation. With that in mind, I look forward to many more years of team work, taking our beloved sport of handball forward.

Staffan Holmqvist / EHF President

Honorary Members

H. J. Hinrichs and C. Rinck were presented with the first „EHF Honorary Members” title by President Holmqvist at the 5th Ordinary Congress in Tel Aviv/ISR:

H. J. Hinrichs
(honorary member)

Following a proposal by the Executive Committee, the Congress awarded **Vice President H.J. Hinrichs** and **MC Chairman C. Rinck** with the EHF's first "Honorary Member" title by acclamation for their contribution to European handball.

Claude Rinck
(honorary member)

In brief words, President Holmqvist outlined the achievements of Vice President **H.J. Hinrichs** as a pioneer of the EHF. The former goalkeeper of the national teams of GER and USA and later President of the German Handball Federation had again and again provided important impulses with his integrative work style and, most recently, with his outlook into the future. It was especially this orientation towards the future that had driven the development of the EHF during its first 9 years.

MC President C. Rinck had made himself a name in handball as a national goalkeeper. He then continued his career as a coach and founded both a club and a league. The Vice President of the French Handball Federation had been a member of the Executive Committee since the start of the EHF and served as President of the Methods Commission since 1994. His work was xxx dedicated to mini- and youth handball, to the "Young Referee Project" and most of all to the completion of the "Rinck Convention" (p. 40).

The "RINCK" Convention

Convention on the Mutual Recognition of Coaches' Education

The objective of this convention is the coordination and mutual recognition of standard guidelines and certificates in the field of coaches' education in handball in Europe by preserving and safeguarding the regional and national characteristics of coaches' education in order to facilitate the direct admission to work, as a handball coach, in each signatory Member Federation.

On the occasion of the 5th Ordinary EHF Congress the Convention on the mutual Recognition of Standards and Certificates in the field of Coaches' Education in Handball in Europe was signed.

"Model Course"

In order to provide the signatories with a concept on how to organise an "EHF Master Coach Course", a model course took place in Gdansk / POL from October 27th – 28th, 2000. On this occasion representatives from other European Member Federations were also invited to get more information on how to adapt their national coaches' education programme in line with the guidelines of the "RINCK" Convention.

Results of the "Model Course" and Further Procedure ▼

- The lectures and practical demonstrations at least gave an insight into what is required to become a level V coach (EHF Master Coach) in the respective nations.
- Proposals by almost all the signatories to award some coaches with an EHF "Master Coach" certificate, as agreed in the existing agreements.
- An overview of ideas concerning examinations and certificates (including lay-out).
An EHF Master Coach profile.
- Information about the convention was given the federations which were present.

Actions for the Future ▼

- To forward information to the EHF about the national implementation strategy.
- An annual report by the signatories about activities and results relating to the convention. Further contact with the federations that have shown interest.
- Initiatives to develop a communication and information strategy for the countries which have not yet shown their interest.
- Application and preparation for the 2nd "Convention Meeting" in 2002.

The course documentation was produced and sent out to the participants in November.

Meeting of EHF Women's Coordinators

May 19th - 20th, 2000 in Vienna/AUT

In accordance with the EHF Women's Advancement Plan adopted by the EHF Executive Committee a network was installed by the federations nominating a women coordinator. For the women coordinators from the different nations it is necessary to built up and respectively strengthen the network, to improve communication and to work out strategies for future implementation. In order to support the above-mentioned objectives, the EHF organised a "Meeting of EHF Women Coordinators" from May 19th - 20th, 2000 in Vienna/AUT.

Results and Objectives for the Future ▼

- We have to give SUPPORT TO THE LESS DEVELOPED HANDBALL NATIONS
- We have to INCREASE THE LEVEL OF PERFORMANCE of all top teams. If we are successful, the level of performance of the other teams will also increase . One of the most important reasons that women's handball is so popular, is the attractiveness of the sport at a high level.
- Distribution of a list of INTERNET / E-MAIL ADDRESSES for an optimised exchange of information
- NETWORKING within the group of Women Coordinators
- CONTACT AND EXCHANGE OF INFORMATION with female EHF representatives within the official bodies.
- Organization of a WOMEN'S HANDBALL DAY

Women's Handball Day ▼

The Women's Handball Day was held between November 18th and 26th 2000.

The intention of this day is the promotion of women's handball on a national and international level. To reach this objective some federations organized events, tournaments, activities at schools, info stands, bilateral and multilateral meetings, leaflets, TV spots/journals, newspaper advertising,...

The course documentation was produced and sent out to the participants.

2000 EHF Development Programme

At the 5th Ordinary EHF Congress in Tel Aviv / ISR changes of the EHF structure were adopted which not only meant an extension of members of the Executive Committee, the Competition and Methods Commission, but also a clear awarding of responsibilities concerning the EHF Development Programme.

Allan Henning Lund / DEN was elected as the new EHF-MC Member in charge of development questions.

From the Executive Committee **Treasurer Karl Güntzel / SUI** and **EHF-MC Chairman Frantisek Taborsky / CZE** will deal with this Programme, which will be given a new outlook for the future based on clear guidelines for the co-operation between EHF and its Member Federations.

On this occasion the EHF wants to express its gratitude to both former Executive members Hans Jürgen Hinrichs and Claude Rinck, who really had been the "founding fathers" of the EHF Development Programme in the period 1994 – 2000.

Main Areas ▼

The main areas of the 2000 support measures of the EHF Development Programme will be (please refer to the respective reports !):

1. Challenge Trophy
2. European Beach Handball Championship / Promotion
3. EHF Youth Champions' Tournament for Club Teams
4. EHF "Women in Handball" Project
5. Co-operation Visits
6. Development Support Measures for Member Federations

6. Development Support Measures for Member Federations:

Such projects are based on requests of the EHF Member Federations, national development plans or initiatives offered by the European Handball Federation and can be related to the following areas:

- Material Support

Young Referees' Project

Following the official announcement of the Young Referee Project in March 2000, 27 referee couples (24 years and younger) were nominated by 17 different national federations.

1. Young Referees Course in Sweden

July 1st - 6th, 2000 in Partille/SWE

At the occasion of 2000 Partille CUP (EHF Youth Champions' Tournament, Scandinavian Open Championship for National Teams, etc.) in Partille/SWE the Young referees Project was introduced. 16 Young referee couples from 13 federations participated and had the possibility to whistle matches on different levels.

Objectives and Results ▼

- From the really beginning the main aim of the course was very clear pointed out (Prause & Ambrus): the said course has to offer a **common refereeing line for the final ECh tournament**, and based on the previous experience (ECh- January 2000 CRO) the final results / appreciation including theoretical tests and especially the Shuttle Run will very much count for.
- Prause & Ambrus underlined the necessary criteria to be nominated to an ECh: **constant shape, knowledge and neutrality proved with several occasions**.
- Further on, it was pointed out as well the **importance of every game** (groups, placement or semifinals) and the fact that **everyone is the only one responsible for his own preparation**; more than that, every couple represents / reflects the seriousness of the attitude regarding the respective activity in the country / federation concerned; van Linder underlined the specific aspects from the **methodical point of view: self preparation, further steps in the career, integration & participation** to the handball life.
- **Observation of every couple** by Ambrus or Prause during the games of EURO "Carpati" 2000, in Cluj and Zalau.
- more than that, **each reserve couple had a special task**: to observe and to fulfil the delegates' report for those referees who were on the field.
- **Discussion of the results** of each observation the day after, with all the couples, specifying the good and "bad" done things during the games.
- **Tests**: all the participating couples passed the tests having good results (theory and practice / matches & Shuttle Run test).
- On the last day, November 19th, 2000, Prause declared his satisfaction about the full success of the course; last but not least, both (Ambrus and Prause) addressed thanks to the Rumanians, especially to Jan Mateescu, deeply involved each day to have a good and friendly working atmosphere.

2000/2001 European Cup

The New European Cup Structure

As reported at the 1999 Extraordinary Congress in Vienna, the EHF has developed a new structure for the European Cup. This structure has now come in effect for the 2000/2001 European Cup season. The new structure is the result of several working groups made up of experts from various fields, including competitions' experts, club representatives and marketing agencies. The reason behind the changes was to match the needs of all sides and to develop a European Cup structure that is in everyone's best interest. Here is a short summary of the major changes:

- ▶ *Top teams in the Champions League are qualified directly for the group matches. Teams ranked from 8 to 15 are qualified directly for round two. The Champions League is played with a maximum of 32 teams.
In the Men's Champions League, there is only 1 team from each federation.
Federations ranked 1 to 7 in the Women's Champions League play with 2 teams.*
- ▶ *While the Cupwinners' competition remains unchanged, the number of EHF Cup entrants from strong nations has been increased. The teams of the federations ranked 1 to 7 start with 2 teams in the Men's and Women's EHF Cup.*
- ▶ *The Challenge Cup which is newly introduced and replaces the City Cup, has been designed for nations unable to obtain the relevant number of Champions League or EHF Cup places. The teams from the federations ranked 1 to 7 are not participating in the Challenge Cup.*
- ▶ *Teams which are eliminated in round 1 or 2 of the Champions League (men and women) are obliged to continue in the next round of the EHF Cup.*
- ▶ *There will be an overall ranking list including all four competitions. Since it is important for the National Federations to know their European Cup places at the beginning of the season, it will be necessary to leave out the very least season for the ranking list (season 97/98 + 98/99 + 99/2000 = places for 2001/2002).*

European Youth Champions Tournament for Clubteams

01. - 06.08.2000
Partille / SWE

The EHF Youth Champions' Tournament for club teams was held for the sixth time in Partille, Sweden. Similar to the last years the EHF tournament was organized as a part of Partille Cup (youth tournament for all age groups and club and national teams from all over the world).

Since 1999 the EHF tournament is held for girls in even and for boys in uneven years. A maximum of 16 registering teams can be accepted for the tournament. In the 2000 EHF champions' tournament the following 14 teams (girls born 1983 or younger) participated: ▼

Women's Challenge Trophy

23. - 28.05.2000
Antwerp / BELGIUM

After the big success of the 1st Men's Challenge Trophy, which was held in September 1999 in Cyprus, the EHF continues with its efforts also on the Women's side.

Therefore **the 1st edition for the Women's Challenge Trophy** was held from May 23 -28, 2000, in Antwerp/BEL and was organized by the Union Belge de Handball.

This tournament was for some of the participating Federations their first opportunity to take part in an international handball tournament.

The tournament closed with a very interesting final match between the teams of BIH and the host country Belgium.

CONCLUSION

Dear Handball Friends,

The first year of the new millennium has now come to an end. It was yet again a busy, dynamic and successful year for European handball. As is tradition, the European Handball Federation has put together this compendium of the year's activities in the form of this Annual Report so that you can look back over the moments of year 2000 and have a lasting record of all facts and figures before entering the new year.

2001 will continue in just the same way, with European Championships for the youth age category in Luxembourg (men) and Turkey (women), the Challenge Trophy for men, exciting European Cup Finals from the various competitions in general and in particularly the newly restructured Champions League.

A special highlight will be the 17th November 2001, the 10 year anniversary of the European Handball Federation. A decade EHF is an event to celebrate, to look back at the memories of the past ten years and to look forward to the future.....
